AREA FOUNDATION

**ANNUAL  
REPORT  
2015**

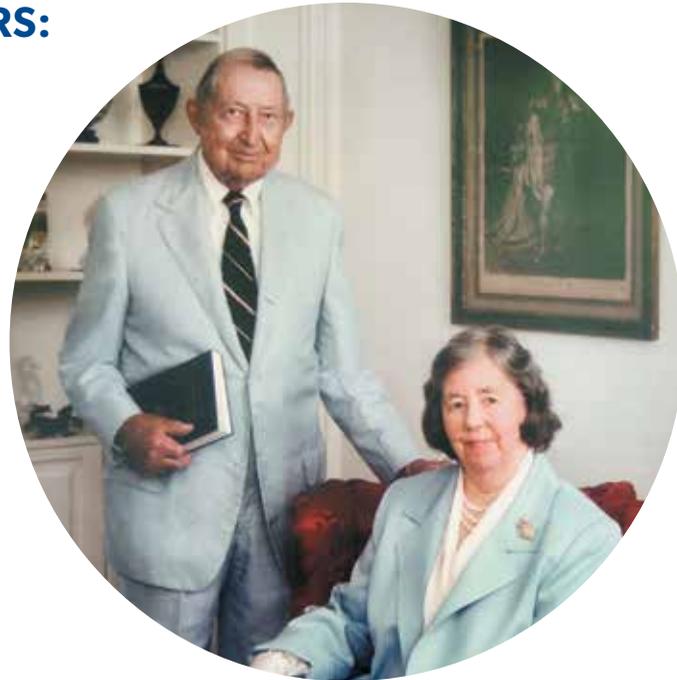

## THE POWER OF DONORS: EDITH BOULWARE

Hundreds of donors bless the San Angelo Area Foundation. In this report, the Foundation recognizes one who made significant contributions to the foundation and to philanthropy in San Angelo and the surrounding area.

Mrs. Edith Boulware was a daughter of a pioneer West Texas rancher who owned and operated the Head of the River Ranch in Christoval and the granddaughter of an English earl. She received her education at schools in Switzerland, England, and Paris before returning to the U.S. to attend The Chapin School in New York City, where she graduated in 1940. Edith's first husband died in Normandy during World War II before her son Ryland was born. During her early years in New York, Edith spent every summer at the Head of the River Ranch in Christoval and later moved back with her son and second husband, Mr. Ford Boulware, to operate the ranch.

Mrs. Boulware supported many great causes and was ahead of her time in her active interest and participation in the conservation and protection of species and natural habitat. An advocate for wise management of natural resources, she viewed the ranch as a natural biological laboratory. The Boulwares and their son made their ranch available to the Department of Biology at Angelo State University and support this cause along with other passions including Chapin School, NY, the Department of Music at Angelo State University, and Emmanuel Episcopal Church. The beauty of Edith's generosity will continue in perpetuity and future generations will forever benefit from her legacy through her creation of endowed gifts to the Foundation.

## OUR LONG TERM INVESTMENT PHILOSOPHY

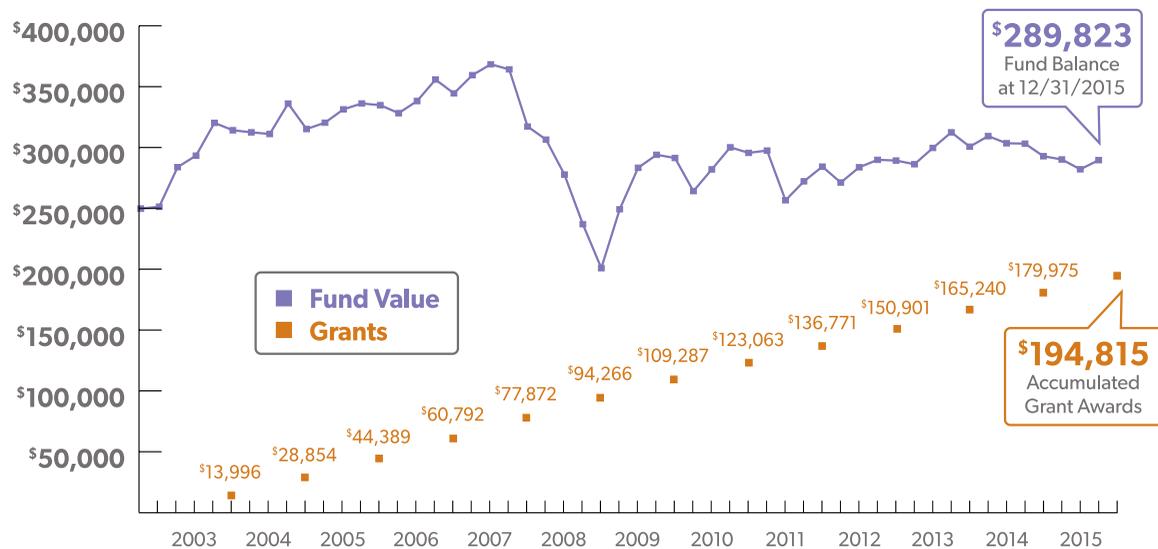

The San Angelo Area Foundation exists to provide perpetual income for endowments that benefit charities and philanthropic desires in the Concho Valley. Active investment management of funds is the best practice to accomplish this mission.

Our investment strategy permits us to distribute 5% annually in grants. This allows funds to increase in value during positive times and protects the value of the investment against inflation and market challenges.

The Foundation's board of directors and its investment committee work closely with our investment consultants to ensure we are positioned to achieve the goals of making distributions, while growing the principal and ensuring the perpetual nature of our funds.
